

Slot request procedures at the Bromma Airport outside office hours

1 RESPONSIBLE FOR IMPLEMENTATION

Bromma Operating Center (BOC)

2 INSTRUCTION

If an urgent need for an airport SLOT occurs outside office hours submission of the slot request should be sought in the usual manner, via a GCR or SCR to scr@airportcoordination.com or through OCS www.online-coordination.com

However, in addition to the request it is a requirement that the Bromma Operating Center (BOC) is contacted at +46 - 10 -109 41 40. The BOC will determine if it possible to get the desired SLOT, or, if not available, propose a new time.

If the operator accepts the offered time it will be recorded in the airport's database (Safir) by the BOC.

NOTE!

This procedure is only for emergency SLOT requests that cannot wait until normal business hours.
